

Sustainability Assessment Survey for Accommodation Partners

Help us identify sustainable products in our portfolio and qualify your property for our 'Sustainable Travel' product category

Name of Accomodation

Do you have a sustainability certificate?

e.g.: EU Ecolabel, Green Globe, Kreen key, Travellife

YES

NO

What is a sustainability measure you are very proud of?

We can promote this on our website to help increase sales

Do you practice waste avoidance, reduction, and recycling?

YES

NO

Which of the following waste management practices do you implement?

Avoidance of unnecessarily packaged goods, single-use packaging and plastic packaging (No cans, disposable tableware, individually packaged soaps)

☐

Use of reusable packaging (e.g., beverage bottles, yogurt jars, lunch boxes)

☐

Devices and furnishing or consumer goods with a long life

☐

Compost organic waste

☐

Proper recycling of waste & disposal of hazardous waste

☐

Waste separation for guests

☐

Save paper: Digital front-office processes

☐

Recycled paper or paper from sustainable forestry (for printing, toilet paper)

☐

Other

☐

Do you implement energy efficiency measures and use renewable energy?

YES

NO

Which energy saving practices do you implement?

Good thermal insulation of the building (windows, insulation, roof)

☐

Reduction of energy consumption through motion detectors

☐

Use of household appliances with energy class A or better

☐

Energy-saving bulbs or LED bulbs

☐

Energy-efficient and resource-saving heating: geothermal deep drilling, geothermal baskets, or groundwater heat pumps

☐

Cover heated pools overnight

☐

Correct placement of refrigerators (not next to heat sources, regular defrosting)

☐

Limited use of air conditioning (Use fans instead, room temperatures not too low, raise awareness among guests, open windows in morning for ventilation)

☐

Electricity from renewable resources: photovoltaics or solar panels for energy production

☐

Green electricity providers: highest possible proportion of electricity from renewable energy sources (water, wind, sun, biomass, etc.)

☐

Other

☐

What percentage of your energy comes from sustainable sources?

Enter percentage (0-100)

Do you implement measures to save water?

YES

NO

Which of the following water-saving measures do you implement?

Avoid unnecessary laundry

☐

Advise customers to save water (short showers, linen and towel changes only on request)

☐

Water-saving taps

☐

Water-saving toilet flushing (e.g., selector switches for small flushes, or start/stop button)

☐

Moderate watering of green areas (water in evening after sunset, drip hose, drought-resistant plants)

☐

Rainwater recycling for garden or flushing toilets

☐

Pool: Saltwater pool

☐

Pool: Avoid too many water changes (Use of efficient filters or salt electrolysis)

☐

Use ecological cleaning agents (avoid unnecessary special cleaners, fragrances, room sprays, and corrosive or chlorine-based cleaning agents)

☐

Other

☐

Do you implement sustainable practices for food and beverages?

If you do not offer food (f.e. you offer self-serviced apartments) just click no. This will not affect your rating negatively

YES

NO

Which of the following practices regarding food do you implement?

Regional & seasonal products

☐

Products from organic farming

☐

Fair trade products

☐

Vegan alternatives

☐

Meat from species-appropriate animal husbandry

☐

Reduce food waste

☐

Recycling of food leftovers (e.g., to feed animals on local farms, food bank, food sharing platform)

☐

Other

☐

Do you promote green mobility options?

YES

NO

Which of the following green mobility practices do you implement?

Electric cars or other environmentally friendly vehicles for traveling within the company premises

☐

Bicycles/electric bicycles/e-scooter rent

☐

Encourage customers to walk by foot or bicycle,provide detailed information about public transportation, avoid car rental reservations

☐

Charging stations for electric cars

☐

Other

☐

Do you have measures for good working conditions?

YES

NO

Which of the following employee working condition practices do you implement?

Fair and transparent wages

☐

Measures for physical and mental health

☐

Work-life balance (e.g., flexible working hours, childcare)

☐

Safety in the workplace

☐

Measures against discrimination and harassment

☐

Inclusive workplace for people with disabilities

☐

Promotion of women in leadership positions

☐

Offer of regular training and continuing education

☐

Professional development opportunities

☐

Other

☐

Do you take action to support the local community?

YES

NO

Which of the following community contribution practices do you implement?

Local culture is not exploited

☐

Engagement in the local community (e.g., cooperation with associations, schools, food banks)

☐

Support of charitable projects

☐

Local, fair, and inclusive purchasing strategies

☐

Other

☐
